

# INDEX

|                         | <i>pag.</i> |
|-------------------------|-------------|
| <b>Preface</b>          | XI          |
| <b>Acknowledgements</b> | XIII        |

## CHAPTER I INTRODUCTION

|                                  |   |
|----------------------------------|---|
| 1.1. Aim of the research         | 1 |
| 1.2. Value added of the research | 3 |
| 1.3. Outline of the research     | 5 |

## CHAPTER II SUSTAINABILITY IN INTERNATIONAL BUSINESS: DEFINITIONS, CHALLENGES, AND INTERSECTIONS WITH OTHER DISCIPLINARY BACKGROUNDS

|  |    |
|--|----|
| 2.1. The evolution of the concept of sustainability  | 7  |
| 2.2. Challenges in addressing sustainability in international business   | 11 |
| 2.3. Borrowing from other disciplinary backgrounds and extending international business to investigate multinational enterprises' sustainability | 12 |
| 2.3.1. Business Ethics studies   | 14 |
| 2.3.2. Political Science studies   | 15 |
| 2.3.3. Governance studies  | 16 |
| 2.3.4. Supply Chain Management studies   | 18 |
| 2.3.5. Institutional studies across Sociology and Economics  | 20 |
| 2.3.5.1. The contribution of the institutional entrepreneurship perspective  | 22 |

### CHAPTER III

## SUSTAINABILITY, MULTINATIONAL ENTERPRISES, AND INSTITUTIONAL CHANGE: A CONCEPTUAL FRAMEWORK

|   |    |
|---|----|
| 3.1. Disentangling formal and informal institutions of multinational enterprises' sustainability                  | 25 |
| 3.1.1. Formal institutions for sustainability at the private, civil, and public level                             | 27 |
| 3.1.2. Informal institutions for sustainability at the private, civil, and public level                           | 30 |
| 3.2. Multinational enterprises as agents for a sustainability-oriented institutional change: The conceptual space | 32 |
| 3.2.1. MNEs' agency at the private level  | 34 |
| 3.2.2. MNEs' agency at the civil level  | 36 |
| 3.2.3. MNEs' agency at the public level   | 38 |
| 3.3. Co-creation of sustainability value: A new goal of institutional entrepreneurship                            | 40 |
| 3.3.1. Bottom-up strategies of multinational enterprises to shape institutions towards sustainability             | 43 |
| 3.3.2. Top-down strategies of multinational enterprises to shape institutions towards sustainability              | 47 |
| 3.4. From conceptual ground to empirical inquiry  | 49 |

### CHAPTER IV

## RESEARCH DESIGN AND METHODS

|  |    |
|--|----|
| 4.1. Methodological choices  | 51 |
| 4.2. Rationale for choosing a mixed-method approach                      | 52 |
| 4.3. Theoretical sampling  | 53 |
| 4.4. Data collection and data sources                                    | 54 |
| 4.4.1. UN impact case studies for qualitative analysis                   | 55 |
| 4.4.2. Interviews related to MNEs' impact case studies                   | 56 |
| 4.4.3. Supplementary materials for qualitative analysis                  | 59 |
| 4.4.4. Corporate sustainability reports for quantitative analysis        | 60 |
| 4.5. Data analysis   | 61 |
| 4.5.1. Qualitative analysis: An interpretive approach                    | 63 |
| 4.5.2. Quantitative analysis: A topic analysis on sustainability reports | 65 |
| 4.5.3. Integrating qualitative and quantitative analysis                 | 68 |

**CHAPTER V**  
**MULTINATIONAL ENTERPRISES CONTRIBUTE TO**  
**INSTITUTIONAL CHANGE TOWARDS SUSTAINABILITY:**  
**EMPIRICAL FINDINGS**

|   |     |
|---|-----|
| 5.1. Interpretive analysis of MNEs' case studies                          | 71  |
| 5.1.1. L'Occitane   | 71  |
| 5.1.2. Sanofi   | 75  |
| 5.1.3. Medtronic  | 78  |
| 5.1.4. Saraya   | 80  |
| 5.1.5. A comparative analysis of the case studies                         | 82  |
| 5.2. A topic modeling of MNEs' sustainability reports                     | 84  |
| 5.2.1. L'Occitane   | 84  |
| 5.2.2. Sanofi   | 88  |
| 5.2.3. Medtronic  | 93  |
| 5.2.4. Saraya   | 97  |
| 5.2.5. A comparative analysis of MNEs' sustainability reports             | 101 |
| 5.3. Integrating findings from both qualitative and quantitative analysis | 106 |
| 5.4. Discussion   | 107 |

**CHAPTER VI**  
**CONCLUSIONS**

|  |     |
|--|-----|
| 6.1. Theoretical contributions                       | 113 |
| 6.2. Managerial implications                         | 115 |
| 6.3. Research agenda for future lines of exploration | 115 |
| 6.3.1. Future research lines in top-down strategies  | 116 |
| 6.3.2. Future research lines in bottom-up strategies | 117 |
| 6.4. Limitations                                     | 118 |

|                   |     |
